

WE ARE SIKA

Your trusted Partner in providing reliable, innovative, sustainable, and long-lasting solutions in various sectors of the construction industry.

BUILDING TRUST

WHO WE ARE

Sika Philippines, Inc. is a wholly owned subsidiary of the Sika Group, a global specialty chemicals company recognized for its leadership in developing and manufacturing innovative systems and products for bonding, sealing, damping, reinforcing, protecting, and finishing applications. Serving the Philippine market since March 1994, Sika provides high-performance solutions for the construction and automotive industries, supporting projects that require durability, reliability, and long-term performance.

Renowned for its commitment to quality and innovation, Sika offers a comprehensive portfolio of products designed to solve complex construction and industrial challenges. The company has built a strong reputation through decades of delivering trusted solutions that meet the evolving needs of customers while promoting sustainability and environmental responsibility.

Sika Philippines operates a manufacturing and laboratory facility in Taguig City, ensuring efficient production, quality control, and product development.

To provide technical support and expertise across the country, the company also maintains a Technical Center in Cebu.

Committed to operational excellence, Sika adheres to internationally recognized management standards, including ISO 9001:2015 for Quality Management and ISO 14001:2015 for Environmental Management.

These standards are integrated across all key functions, including production, engineering, laboratory operations, sales, and administration, ensuring consistent quality, customer satisfaction, and continuous improvement in every aspect of the business.

OUR SOLUTIONS

HIGH PERFORMANCE CONCRETE

TOP PRODUCT BRANDS

We make concrete better. Sika solutions increase efficiency and sustainability in concrete and cement production, optimize application on the jobsite, and enhance the performance and durability of concrete structures. Our admixtures, additives, and digital tools help customers save resources, reduce CO₂, and build faster, safer, and more reliably – supported by engineering know-how and services like the Sika Sand App and SikaFiber Software.

TOP PRODUCT BRANDS

- Sika® ViscoCrete®
- Sika ViscoFlow®
- Sika® Plastocrete®
- Sika® Stabilizer
- SikaFiber®
- Sika® Separol
- SikaGrind®
- SikaPlast®
- Sikament®
- Sika® Plastiment®
- Sika® Sigunit®
- SikaControl®
- Sikacrete®
- Sika® Formol
- Sika® MRA
- Sika® AER

MAIN APPLICATIONS

Solutions for:

- Concrete production
- Concrete application
- Concrete recycling
- Cement production
- Dry mortar production
- Dry Mortar Plants
- Gypsum board production
- Underground mining

LONG LASTING WATERPROOFING

WHAT WE DO

Sika's world-leading solutions for waterproofing cover all technologies used for below, and above-ground waterproofing: flexible membrane systems (polymeric sheets, fully bonded membranes, modified bitumen sheets), liquid applied membranes, joint waterproofing systems (waterstops, swelling profiles, adhered tapes), waterproofing mortars, mortar admixtures, and injection resins and grouts.

TOP PRODUCT BRANDS

- SikaProof®
- Sikalastic®
- Sika Waterbar®
- Sika® Hydrotite
- SikaInject®
- SikaTop® Seal

MAIN APPLICATIONS

Solutions for:

- Basements and podiums
- Wet rooms
- Tunnels and station boxes
- Bridge decks
- Water and wastewater tanks
- Pits and reservoirs
- Swimming pools

TRUSTED QUALITY

ROOFING

WHAT WE DO

Sika provides a full range of flat roofing systems like thermoplastic and bituminous membranes as well as liquid-applied membranes including insulation and accessories like Solar fixations. Sika Roofing solutions are reliable, sustainable, and long-lasting, recognized as global proven prime systems for new buildings and roof renovation. In 2022, Sika celebrated 60 years of roofing excellence with Sika Sarnafil® single-ply membranes. For highest building operation safety Sika offers efficient leak monitoring and detection systems.

TOP PRODUCT BRANDS

- Sika Sarnafil®
- Sikalastic®

MAIN APPLICATIONS

- Exposed Roofs
- Ballasted Roofs
- Green Roof Systems
- Utility Roof Decks
- Cool Roofs with Highly Reflective or Membranes or Coatings
- Solar Roofs
- Special Roof Design

EXCELLENT FLOORING

WHAT WE DO

Sika provides liquid applied floor finishes and cementitious underlayments to protect, prepare, upgrade and finalize floor surfaces. Our full range of seamless flooring solutions meet the highest requirements for both industrial and decorative floor systems. We use a wide range of technologies such as cement, calcium sulphate, epoxy, polyurethane, hybrid versions among others.

TOP PRODUCT BRANDS

- Sikafloor®
- Sika® Ucrete®
- Sika® Epocem®
- Sikalevel®
- SikaScreed®
- Sikalastic®

MAIN APPLICATION AREAS

- General manufacturing
- Warehousing
- Food and beverages
- Commercial parking
- Cold storage facilities
- Hospital and laboratories
- Data centers/ Semi-conductors

MAXIMUM DURABILITY

SEALING & BONDING

WHAT WE DO

Sika offers a wide range of high performance, durable sealants, adhesives, spray foams, and tapes for commercial, industrial, residential, and infrastructure construction projects. These solutions are used across a broad range of applications, including sealing movement joints between facade elements to weatherproof buildings, bonding wood floors to reduce noise, protecting ground surfaces from kerosene on airport aprons, and providing effective fire protection.

TOP PRODUCT BRANDS

- Sikaflex®
- Sika® Multiseal
- SikaBoom®

MAIN APPLICATIONS

Solutions for:

- Building envelope solutions
- Civil engineering and floor joints
- Floor covering solutions
- Interior finishing
- Bonding solutions
- Firestop systems
- Expansion joint systems

HIGH RELIABILITY

REFURBISHMENT

WHAT WE DO

This segment includes repair, strengthening, and protective solutions for concrete structures, such as repair mortars, shrinkage compensated high-strength grouts, anchoring adhesives, protective coatings, corrosion control, and structural strengthening systems. Especially in developed markets, many structures are several decades old and need to be refurbished. Sika engineered refurbishment systems enable the life extension of structures, which is often a more sustainable path than demolition and building from scratch

TOP PRODUCT BRANDS

- Sikadur®
- SikaLatex®
- Sika AnchorFix®
- SikaTop®
- Sikacrete®
- SikaWrap®
- Sika CarboDur®
- SikaGrout®
- Sika Monotop®
- Sika® FastFix
- Sikagard®

MAIN APPLICATIONS

- Cementitious grouts
- Resin grouts
- Rigid bonding
- Chemical anchoring
- Structural strengthening
- Mortar admixtures
- Concrete repair mortars
- Concrete protection

AESTHETIC BEAUTY

BUILDING FINISHING

WHAT WE DO

Building Finishing encompasses ceramic tiles and natural stones installation, traditional and insulated facade finishing and protection, as well as interior wall finishing for residential housing and commercial buildings. Sika is a global leader in these solutions and provides the most comprehensive sets of solutions with tile adhesives and grouts, systems for under-tile waterproofing and sound reduction, as well as renders and decorative finishes, and Facade Thermal Insulation Systems.

TOP PRODUCT BRANDS

- SikaTile® Adhesive Product Range
- SikaWall® Interior and Exterior Wall Skimcoat Products
- SikaCeram® Tile Grout

TOP PRODUCT BRANDS

Solutions for:

- Tile adhesive and tile grouts
- Under-tile waterproofing solutions
- Facade preparation & decorative finishing
- Facade cleaning and protection
- Facade thermal insulation systems
- Heritage facade renovation products
- Interior wall levelling & finishing

INNOVATIVE AUTOMOTIVE & INDUSTRY

WHAT WE DO

Sika products are essential for automobile and commercial vehicle assembly (structural bonding, glass bonding, acoustic systems, reinforcing systems, battery assembly), automotive aftermarket (auto glass replacement, car body repair), marine vessels, industrial lamination, renewable energies (solar and wind), home appliance, energy storage and facade engineering (structural glazing, sealing of insulating glass units).

TOP PRODUCT BRANDS

- Sikagard®
- Sikaflex®
- Sikasil®
- Sikaflex®
- Sika® Primer
- Sikaflex®

TOP PRODUCT BRANDS

- Automotive OEM and OES
- Automotive Aftermarket
- Commercial Vehicle Industry
- Facade and Fenestration Manufacture
- Modular Building
- Appliances and Manufacturing
- Industrial Lamination
- Renewable Energy Industry
- Tooling and Composites
- Marine Industry
- Battery Systems and Electronic Components

SIKA IS EVERYWHERE

Your trusted Partner in providing reliable, innovative, sustainable, and long-lasting solutions in various sectors of the construction industry.

BUILDING TRUST

A GLOBAL COMPANY BUT LOCAL PARTNER

FOR MORE INFORMATION ABOUT SIKA SOLUTIONS:

WE ARE SIKA

Sika is a specialty chemicals company with a globally leading position in the development and production of systems and products for bonding, sealing, damping, reinforcing, and protection in the building sector and industrial manufacturing. Sika has subsidiaries around the world and produces innovative technologies for customers worldwide. In doing so, it plays a crucial role in enabling the transformation of the construction and transportation sector toward greater environmental compatibility.

Any product name or reference reflects the Sika product name at the time of creation of this document and may differ from the product name or reference during past events.

Our most current General Sales Conditions shall apply.
